

CAPABILITIES

Advanced Environmental Laboratories, Inc.

ADVANCED ENVIRONMENTAL LABORATORIES, INC. provides testing for surface water, drinking water, groundwater, soil, sediment, chemicals, industrial waste, and hazardous waste for chemical makeup and physical properties. AEL has a strong presence in Florida, maintaining over 125 Laboratory Service Contracts contracts with cities, counties and State agencies.

Our Commercial client list includes major consulting firms; Jacobs, Golder, WSP, APEX, APTIM, ECT, CDM Smith, Geosyntec, Kimley-Horn, Black & Veatch, Tetra Tech, Arcadis, Montrose Environmental, AECOM, WOOD, Hydrologic, and CB&I. Industrial clientele include Anheuser-Busch, Wal-Mart, Office Depot, Home Depot, Georgia Pacific, Yuengling, Safety Kleen, and Coca-Cola. Work is often high profile, extremely time sensitive, and specific projects can be confidential.

Other commercial work includes over \$2,500,000 a year worth of testing for private drinking water and wastewater providers across the State at hundreds of individual plants.

Florida's Largest Full Service Laboratory Network

Founded by current Owner and President, Charles M. Ged in 1994, AEL started with one laboratory in Jacksonville, FL and expanded to Tampa, Miami, Orlando, Tallahassee, Gainesville, and Ft Myers.

Nationwide Certification

AEL is certified in over 18 states plus Puerto Rico and Virgin Islands, which accept reciprocity with Florida TNI certificates.

We Place A Premium On Providing Personalized Service And Top Quality Product To Every Client

AEL is a TNI/NELAP certified, full-service laboratory firm averaging 95% on recent PT's. Additional certifications include DOD-ELAP, ISO-17025, TNI/ NELAP USDA Soil Import License.

Providing Federal Partnerships Since 2003

Our Federal clients include the US EPA, FAA, National Wildlife Research Center, National Park Service, Navy, Air Force, and Army Corp of Engineers. AEL is a Department of Defense ELAP approved lab and holds a Federal GSA contract allowing it to work for any Federal government agency (since 2003). AEL was the first Laboratory to undergo USACE audit/approval/review process to perform work on the Everglades Restoration Program.
